Staying Active & Shopping Fabulously Out East

BY SHARON FEIEREISEN

The Hamptons season is in full swing with a long list of events and new products to keep us all entertained. Start things off right by getting in a good mindset with a bottle of one of the scents of the season—**Always Red** from Elizabeth Arden is *très populaire* among the party set! Do as its promo

copy suggests: "Light up the town. An alluringly luxurious floral fragrance made for the leader of the 'in' crowd. Bright accents of red plum and passion fruit lead to a textured floral heart and rich ambery base, for the strikingly confident woman." The red glass bottle is fabu too! Elizabetharden.com.

Beach? Want some salt with that? **Hamptons Salt Company** has you covered with salt from around the world, variously "spiced up" with black truffle, ghost pepper, rosemary, garlic and smoked hickory. Give a bottle or a box as a hostess gift to ensure another visit! 53 Hill Street, Southampton, 844-4SEASALT, hamptonssalt.com.
